REPORT NO.

~~CONFIDENTIAL~~

1. About 2,000 militarized workers are employed in the Kragujevac factory which has the following sections:
 - a. Shell case department; lot working because of lack of machinery.
 - b. Armory section; prepares charges, fills shells and hand grenades, and is situated in the suburb of Sabanta. Blown up in 1947 by sabotage and is still not working as repair work is incomplete.
 - c. Small arms section; only works for the repair and assembly of weapons of other than Yugoslav manufacture.
 - d. Foundries; the large one is not functioning because the furnaces are damaged. The small foundry is working, but output is small.
2. About 2,500 militarized workers are employed at the munitions factory at Skoplje (Vojno Tehnicki Zavod). Repair work is done here as well as the assembly of all kinds of war material. There is also a small foundry for spare parts.
3. The factory Sarajevo is under repair, and both material and machinery are awaited from Czechoslovakia.
4. The factory at Cacak employs about 500 workers who are exclusively concerned with the repair of signalling equipment.
5. The Pretehnicki factory at Obilicevo employs about 3,000 militarized workers and is engaged in the filling of shells and hand grenades.
